See me

If the homework says: **See me**, it means you HAVE to correct as many mistakes as you can on the same paper with a pen of a different color than mine and **then** you COME TO SEE ME during office hours. You HAVE to schedule an appointment for office hours. We'll go over your corrections together. Do NOT retype the paper yet!

Redo

If the homework says: **Redo** (only), it means you have to correct all the mistakes I marked and then RETYPE your homework. Hand in again. (If I don't ask you to see me, it's bec' I assume you can fix things by yourself.)

See me/Redo

If the homework says: **See me/Redo,**

> FIRST: you HAVE to correct as many mistakes as you can on the same paper with a pen of a different color than mine and **then** you COME TO SEE ME during office hours.
> SECOND: once you've seen me in office hrs. (and after going over your corrections with me) you have to RETYPE the homework and hand it in again.

"Correct with a tutor" = means you have to correct your homework with a SAAB tutor. You have to include his/her name on your redone version you hand in.

Unless you follow all these steps, your homework will **NOT** be considered done.

If you have more than 10 mistakes the second time you hand it in (Redo), the homework will be worth 50%.
